

FEBRUARY 10th IS SILENT SATURDAY!

Parents who have registered their children in the Youth Basketball Program should be aware that on Saturday, February 10th, the Hyland Hills Athletic Department will implement Silent Saturday!

Silent Saturday is an opportunity for participants to demonstrate skills they have learned through the season, while making their own decisions. **It gives children the opportunity to play without any verbal involvement from parents and limited instruction from the coaches (hence the name Silent Saturday).** Parents are permitted to applaud good plays and be creative in showing support using signs or pom poms.

By entering the gymnasium on this day, you agree to abide by the rules of Silent Saturday. **Anyone who chooses not to follow the rules will be asked to wait outside.** Please remember this program is being implemented to help your children play the game of basketball in an environment absent from criticism and negativity.

We thank you for your support!
